

Erasmus+ Strategic Partnership Project: Learning Tree, NR: 2017-1-TR01-KA204-045897

The 6th NEWSLETTER- LEARNING TREE

The last meeting of Learning Tree Project took place in Wroclaw (Poland) on the 9/10th of July. Besides host members, delegates from Italy and Turkey were present at the meeting.

The main aim of the meeting was to do a summary of the conducted piloting courses, share the experiences and collect information for the final report.

During the two-days meeting the following events took place:

- Presentations of the piloting courses conducted by all Project partners.
- Focus interview with the meeting participants about the project experiences.
- Final report draft was analyzed and completed.

DISCUSSION : about work re-division, scenarios improvement, dissemination strategy for the following months, project sustainability after end of the E+ financing, and deadlines for presenting data necessary for the final report.

The 16 scenarios of lessons and instructions are collected in the form of Handbook. The Handbook is translated in English, Turkish, Polish and Italian language and is available for sharing in electronic version under Creative Commons (CC) license. Thanks to the Learning Tree project the trainers have material for 16 lessons of ICT based on 4 modules: (1) basic

computer skills, (2) basic Internet skills, (3) creating a family tree using a computer, (4) creating a family tree using mobile applications (introduction). The course teaches how to work with text and images, how to use an Internet search engine, introduces the principle of safe moving around the Internet, as well as searching genealogical databases. It also includes elements of using social networking sites and forums offering support, as well as learning how to create family trees.
